| 1530 - 1630        | PT   | SM2 Nimmo/ RP3 Meyer       |

### NOTES:

1. **Small Arms Qualification** is tentatively scheduled for Sept 2001. ITC Smith will be providing more information as it becomes available.
2. **The dungaree uniform is being phased out for E-6 and below.** Utilities are required. Anyone who does not have or has not ordered them report to BM1 Washington with your size requirements.
3. **Travel claims.** Get Self-addressed, Stamped envelope and travel form when you check out if you don’t plan to visit the center before the next drill period.
4. **If you are unable to attend a regular drill, you MUST inform your chain of command prior to the drill weekend** if you want absence to be excused. All arrangements for make-up drills (for emergencies or planned) must be coordinated through your chain of command by 0830 Sunday morning of the drill weekend. For Saturday morning emergencies, call the Reserve Center and request to talk to SKC Baum or BM1 Ernsberger. If you don’t call, you will be considered U.A. Talking to the Petty Officer of the Watch (POOW) or any of the Reserve Center Staff is NOT good enough.
5. **Unauthorized usage of the Government credit card is prohibited.** The penalties for using the credit card for other than Navy related travel or expenses are a Page 13 entry for first offense and Captain’s Mast for second offense. **The individual member is responsible for paying credit card bill.**
6. **All personnel on mandatory PT that do not participate will receive an “UNSAT” for that drill period.**
7. **BRAVO ZULU** to the following personnel for outstanding performance on the Physical Readiness Test. **RPSN Amenity, RP3 Meyer, SK3 Mullinix**
8. **BRAVO ZULU** to EW3 Jonsson for Advancing to Second Class Petty Officer and RPSN Amenity, BMSN Minter and SKSN McDonald for becoming designated strikers!
9. **Advancement exam** is scheduled for Saturday Aug. 18, at 0830. **Let’s get ready!**
10. **Family Day parking.** All personnel are reminded to park on the hill behind the reserve center to allow more parking for family members.
11. **IDTT contributory support.** Opportunities may become available for unit personnel to perform 5-6 day IDTT periods aboard COMNAVSURFGRU TWO ships. These IDTT periods would count as your regular required drill periods. Anyone interested in this program should notify OS1 Anderson ASAP.
12. **Need Uniform Items?** You can get them through the mail from the Navy Uniform Center. Call 1-800-368-4088 (Continental US except codes 703 & 704)
13. **Everyone should be present and ready to muster. 0720 morning, 1230 Sat afternoon, 1330 Sun afternoon and 1620** each evening. If you are late, you are absent for that whole drill period.
14. Everyone is strongly encouraged to enter your civilian skills on the Naval Reserve Skills online site at [www.USNRSkillsOnline.com](http://www.USNRSkillsOnline.com).
15. If you are currently planning on attending or are already enrolled in a college course, go to the [www.navycollege.navy.mil](http://www.navycollege.navy.mil) or call 1-877-253-7122 to find out how your Military education can earn you College Credit. This is a great opportunity to have the Navy save you money because of your hard work.
